Written Instructions for Completing the 2022-2023 Accreditation Audit

(Please note: Accreditation Audits are due in the National Office no later than July 1, 2022)

Please follow the guidelines below in reviewing and/or amending the Accreditation Audit for your institution. Upon completion, please return the Accreditation Audit to the National Office by email (annualreports@arts-accredit.org) or U.S. Mail (to the address provided above, ATTN: Annual Reports) no later than July 1, 2022 – even if no edits or changes have been made. (Please note: Expedited or overnight mailing is not required.) Once the review has been completed and the information confirmed or amended, as requested at the bottom of the Accreditation Audit, please check as applicable one of the two boxes offered and sign the Accreditation Audit. (Please note: If amendments/additions/corrections are necessary, please notate the revisions alongside the existing Accreditation Audit text, which can be marked with a single strikethrough. Please do not delete the original text or create a different document.) In addition to these written instructions and to assist individuals preparing Accreditation Audits for submission, NASD also makes available video instructions (https://nasd.arts-accredit.org/accreditation/responsibilities/annual-reporting-requirements/audit/).

Unit Description
This descriptive sentence should portray the dance unit’s relationship to the entire institution or, in the case of units not affiliated with institutions, the unit itself. Descriptive sentences should be concise and non-promotional.

Institutional Representatives to NASD
Please confirm (or make changes to) the name, administrative title, and contact information (including office mailing address, email address, phone number, and facsimile number, if applicable) of the individual who will be serving as the institution’s primary representative to NASD during the 2022-2023 academic year. The primary Institutional Representative (IR1) will receive all communications both general and institution specific, vote on behalf of the institution, hold the responsibility for maintaining the institution’s accreditation, submission of annual reports, dues and fees, Handbook reviews, etc. If additional representatives are requested (i.e., IR2, IR3, IR4) the aforementioned contact information should be provided for each. (Please note: additional representatives will receive general communications, to include information regarding Annual Meetings, professional development, Handbook reviews, etc.)

Chief Executive Officer
Please confirm (or make changes to) the name, administrative title, and contact information (including email address, office mailing address, phone number, and facsimile number, if applicable) of the individual who will be serving as the institution’s Chief Executive Officer (i.e., President, Chancellor, etc.) during the 2022-2023 academic year.

Pending Action
This section provides confirmation of materials slated for review by the Commission, and the Commission meeting noted by date at which the materials are scheduled to be reviewed. If “N/A” is indicated in this category, no materials are due to NASD at this time.

Commission History
This section provides confirmation of items of note, if any, for upcoming Commission meetings and any postponements granted during the current review cycle (cycle refers to AM, M5, M10). If there is no information to report in this category, “N/A” will be indicated.

Cohort Default Rate
This section applies only to free-standing, single-purpose institutions for which NASD may serve as gatekeeper for the purposes of participation in Title IV federal student aid programs. If your institution does not meet these criteria (i.e., a multi-purpose institution) or if your school does not participate in federal student aid programs, “N/A” should be indicated under this heading. Please add/edit information as appropriate.

Degree and Program Listing
Curricular entries offered in regular type have received both Plan Approval and Final Approval for
Listing, thereby indicating prior approval by action of the Commission. Should changes to approved degrees/programs be necessary, the institution is asked to note in detail the nature and reason for the change. (Please note: Only those degrees/programs approved by the Commission will be listed by NASD in its publications.) Institutions are reminded of NASD protocols regarding curricular review and listing found in the NASD Handbook 2021-22, Rules of Practice and Procedure, Part II, Article I., Section 3. and Article VI.

An asterisk (*) preceding a curricular entry indicates that the community education program has been reviewed by the Commission and has been approved for Basic Listing (see NASD Handbook 2021-22, Standards for Accreditation III.K.).

Curricular entries offered in italics have received Plan Approval, thereby indicating prior approval by action of the Commission. Curricular programs holding Plan Approval should be submitted for Final Approval for Listing when the appropriate number of student transcripts are available for Commission review. Instructions for submitting Final Approval for Listing applications may be found in the NASD documents Policies and Procedures for Reviews of New Curricula and Instructions for Preparing Curricular Tables in the NASD Format, which may be downloaded from the NASD website at https://nasd.arts-accredit.org/accreditation/accreditation-materials/procedures/new-curricula.

If a degree/program is being offered that has not been reviewed and approved by the Commission, it should be submitted to NASD for Commission review. Instructions for submitting Plan Approval or Plan Approval and Final Approval for Listing applications may be found in the NASD documents Policies and Procedures for Reviews of New Curricula and Instructions for Preparing Curricular Tables in the NASD Format, which may be downloaded from the NASD website at https://nasd.arts-accredit.org/accreditation/accreditation-materials/procedures/new-curricula. If a degree/program is slated to be submitted for Plan Approval or Plan Approval and Final Approval for Listing, discussion of the degree/program should be included within the institution’s separate Affirmation Statement questionnaire and a copy of the application for Plan Approval and/or Final Approval for Listing should be forwarded to the National Office.

If questions or the need for information arise regarding curricular programs such as procedures regarding the submission of materials or degree/program listings, please contact Stephen Cannistraci in the National Office (scannistraci@arts-accredit.org).

NASD appreciates your careful attention to this important responsibility of accredited Membership.

Thank you.
